

# Dima Laundry

We are proud to be one of the most well-known and established dry cleaning companies in Dubai - a reputation we have come to enjoy because of our 100% guarantee, customer service and experience with a wide range of fabrics and garments.

## Why Dima Laundry

Dima Laundry specialists in cleaning suits and leather garments, treasured outfits, wedding dresses, and we will always offer you sound and honest advice.

## Laundry Services

Dima Premium Wet Cleaning services ensure clean and sterilized laundry with Automated and Advanced Electrolux Lagoon Systems. Our Fast, Clean and Green Cleaning processes makes sure Whitest Whites, Darkest Darks and Spotless Wash.

We accept everything including a leather jacket, a suede skirt and wedding gown or a formal shirt and suits. Try our Premium Wet Cleaning Services and enjoy to clothes with fresh smell.

We discourage use of hazardous and toxic solutions such as Perchloroethylene, long term exposure to which is dangerous for health. It leaves toxic smell making and reduces life of the garment.

ENVIRONMENTALLY FRIENDLY solutions with NO-TOXIC chemicals used in the process.

SAY GOOD BYE TO SOLVENT BASED CLEANING!

# About Dima Laundry

Dima Laundry offers a complete package of exclusive high-end dry cleaning and laundry services, with a platform of additional value-added options available to the discerning clients. We use state-of-the-art

processes and machines for the washing & cleaning and we use all our expertise to keep your fabric always in pristine condition. We also implement environmentally sound practices and always aims to deliver on all of our promises, without compromising the quality our clients demand.

During the washing & cleaning process each garment is checked for foreign objects. Items such as plastic pens will dissolve in the solvent bath and may damage textiles beyond recovery. Some textile dyes are 'loose'(red being the main culprit), and will shed dye during solvent immersion. These will not be included

in a load along with lighter-color textiles to avoid color transfer. The solvent used must be distilled to remove impurities that may transfer to the clothing. Garments are checked for dry cleaning compatibility, including fasteners.

We offer a thoroughly satisfying garment cleaning process and provides free pickup and free delivery with in Dubai. We are Open Sunday to Thursday from 8am to 10pm and on Friday from 4pm to 9pm. You can avail our same day collection facility by Dropping off before 10 AM and collecting same evening 8.00PM.
