Information

Ordering

Ordering can be by direct purchase using our secure shopping cart system for all items except those noted below.

All items which weigh more than 20kg and/or are bulky, such as tanks, pumpsets etc, must be ordered by phone, fax or email so that delivery costs to your location can be quoted.

Overseas Orders

Please be aware that all freight/delivery costs will need to be quoted - our system will not generate correct prices for overseas deliveries.

Payment Options

We offer the following payment options:

Credit Cards

Including Visa, MasterCard & BankCard. Please note that the use of these cards is completely secure (using industry standard SSL security) and that we do not at any time have any knowledge or details of your credit card. You can also phone your details through on 1800-025 869

PayPal

We accept the secure and fast Paypal payments

Accounts

For our current and prospective long-term customers we offer a standard 30 day trading account. Please call, fax or email for application details. Applicable within Australia only and at our discretion.

Cheques

We accept all cheques, personal and company but cheques need to be cleared prior to despatch of goods.

Direct deposits

Funds can be credited directly to our account for immediate despatch of your goods. Call or email for details.

Help - Using our site

Our site has been broken down into categories according to application or usage of the products & services. Related spares and accessories are included with the related item wherever possible.

Searching

Search and Advanced Search provide instant access to all instances of the key words or descriptions entered. Just type key word or parts thereof, press GO and you will be presented with a listing of all entries.

Liability

Although great care is taken, we do not accept responsibility for all information describing products manufactured or provided by others. As the installation and use of products shown are beyond our control, liability for any damage, consequential or otherwise is limited to the repair, replacement or refund (at our option) of any goods purchased from Australian Fuelling Systems & Equipment within 14 days of the purchase date.

Product selection

Some guidance on the selection and suitability of various products for your application are provided on the category pages. However, this should not be taken as the final and most suitable information available for your requirements. If you have a particular application or requirement please contact us by phone, fax or email for advice. We'll happily supply this to the best of our ability with no obligation

Particular care should be taken with selection of equipment for the pumping of Class 3 Flammable Liquids as explosion, injury and even death could result in the use of pumping equipment not designed for this use.
